

## Washington State Noxious Weed Control Board-- MONITOR LIST

<b>Common Name</b>	<b>Scientific Name</b>	<b>Sponsor</b>
Blooddrops	<i>Adonis annua</i>	<a href="#">Nelle Murray</a>
Yellow tuft	<i>Alyssum murale, A. corsicum</i>	<a href="#">Wendy DesCamp</a>
skeletonleaf bursage	<i>Ambrosia tomentosa</i>	<a href="#">State Weed Board</a>
Italian arum	<i>Arum italicum</i>	<a href="#">Cyndi Soliz</a>
Giant Reed	<i>Arundo donax</i>	<a href="#">Dave Maiden</a>
Distaff thistle	<i>Carthamus lanatus</i>	<a href="#">Bill Wamsley</a>
Bachelor's button	<i>Centaurea cyanus</i>	<a href="#">Julie Sanderson</a>
Perennial cornflower	<i>Centaurea montana</i>	<a href="#">Julie Sanderson</a>
Featherhead knapweed	<i>Centaurea tricocephala</i>	<a href="#">Dick Jacobson</a>
Bladder senna	<i>Colutea arborescens</i>	<a href="#">Marty Hudson</a>
Pampas grass	<i>Cortaderia spp.</i>	<a href="#">Rick Johnson</a>
Narrowleaved crosswort	<i>Crucianella angustifolia</i>	<a href="#">State Weed Board</a>
Lovegrass sedge	<i>Cyperus eragrostis</i>	<a href="#">Jim Comrada</a>
Leopard's bane	<i>Doronicum pardalianches</i>	<a href="#">Emily Stevenson</a>
Waterhyacinth	<i>Eichhornia crassipes</i>	<a href="#">Jenifer Parsons</a>
Garden helleborine	<i>Epipactis helleborine</i>	<a href="#">Tim Miller</a>
Moleplant	<i>Euphorbia lathyris</i>	<a href="#">Angelica Velazquez</a>
Dyer's greenwood	<i>Genista tinctoria</i>	<a href="#">Marty Hudson</a>
Venice mallow	<i>Hibiscus trionum</i>	<a href="#">State Weed Board</a>
Eurasian frogs-bit	<i>Hydrocharis morsus-ranae</i>	<a href="#">Alison Halpern</a>
English holly	<i>Ilex aquifolium</i>	<a href="#">Sasha Shaw</a>
Spotted jewelweed	<i>Impatiens capensis</i>	<a href="#">State Weed Board</a>
Inula	<i>Inula helenium</i>	<a href="#">Sue Winterowd</a>
water spinach	<i>Ipomoea aquatica</i>	<a href="#">Jenifer Parsons</a>
Perennial peavine *where escaping into undisturbed habitats	<i>Lathyrus latifolius</i>	<a href="#">State Weed Board</a>
creeping Jenny	<i>Lysimachia nummularia</i>	<a href="#">Emily Stevenson</a>
Maiden grass	<i>Miscanthus sinensis</i>	<a href="#">Sarah Reichard</a>
Creeping wire vine	<i>Muehlenbeckia complexa</i>	<a href="#">Toni Cross</a>
Wall lettuce	<i>Mycelis muralis</i>	<a href="#">Dan Conley</a>
Green alkanet	<i>Pentaglottis sempervirens</i>	<a href="#">Dana Coggon and Jennifer Andreas</a>
Silverlace vine	<i>Polygonum albertii</i>	<a href="#">King County</a>
Silvery Cinquefoil	<i>Potentilla argentea</i>	<a href="#">Janet Nelson</a>
Unicorn-plant	<i>Proboscidea louisianica</i>	<a href="#">Sharon Sorby</a>
Cherry laurel	<i>Prunus laurocerasus</i>	<a href="#">State Weed Board</a>
Watercress	<i>Rorippa nasturtium-aquaticum</i>	<a href="#">Cathy Lucero</a>
Creeping fieldcress	<i>Rorippa sylvestris</i>	<a href="#">Pat Stevenson</a>
Multiflora rose	<i>Rosa multiflora</i>	<a href="#">David Giblin</a>
Crack willow species	<i>Salix x rubens, Salix alba</i>	<a href="#">Joel Freudenthal</a>
Bouncing-bet	<i>Saponaria officinalis</i>	<a href="#">Angelica Velazquez</a>
Catchfly, Balkan	<i>Silene csereii</i>	<a href="#">Sharon Sorby</a>
European mountain ash	<i>Sorbus aucuparia</i>	<a href="#">State Weed Board</a>

## Washington State Noxious Weed Control Board-- MONITOR LIST

*Continued:*

<b>Common Name</b>	<b>Scientific Name</b>	<b>Sponsor</b>
European coltsfoot	<i>Tussilago farfara</i>	<a href="#">Michelle Murphy</a>

Tall verbena	<i>Verbena bonariensis</i>	<a href="#">Sarah Reichard</a>
Periwinkle, large	<i>Vinca major</i>	<a href="#">Angelica Velazquez</a>
Periwinkle	<i>Vinca minor</i>	<a href="#">Angelica Velazquez</a>

Purpose: The purpose of the “monitor list” is to gather more information on suspect weeds, as well as monitor for occurrence or spread. Information collected may be used to justify future inclusion on the state noxious weed list. There is no legal or regulatory aspect to this list (WAC 16-750-025).

Reasons for inclusion:

1. Reason to believe this species is invasive or poses a potential threat to Washington.
2. Additional information is needed on distribution, abundance or biology.
3. The species was once present in Washington and on the State Noxious Weed List. It is now being monitored for reoccurrence.
4. Need to verify existence (site investigation), verify identification and/or obtain voucher specimen.
5. It exists in an adjacent state or province or occurs on an adjacent state or province's noxious weed list and is not known to occur in Washington.

Native species of Washington will not be included on the monitor list. Each weed on the monitor list will be included by vote of the noxious weed committee and will require a sponsor for monitoring. For more information on these species, please contact the sponsor or the State Weed Board 360.902.2082.
